

US Canadian Minerals is Fully Reporting and Back to Mining Business

LAS VEGAS, NEVADA – May 28, 2008 – US Canadian Minerals Inc. (OTC: USCN), a U.S. based junior mineral exploration company, today announced that all financial filings required to become current with the SEC have been filed and US Canadian Minerals is fully reporting.

“It has been an arduous task over the past 2.5 years. We are extremely proud to be able to make this announcement,” said Adam Jenn, President and CEO. “We appreciate the patience of our shareholders. We intend to file the 15c-211 in the near future, which will bring us back to the OTC.BB, and bring market makers back to improve liquidity in the company’s shares. We are now excited about getting back to the business of mining.”

About US Canadian Minerals Inc.

US Canadian Minerals is a U.S. based junior mineral exploration company actively acquiring, exploring and developing near-production or currently-producing stage mineral resource properties in geologically permissible and politically stable areas of the world.
